Re: Duolingo English Proficiency Test to Assist Applicants

Due to circumstances surrounding Covid-19, Ashton College has decided to extend until further notice our policy of accepting the Duolingo English Test to assist our applicants. Kindly find below a list of conditions under which the Duolingo Test will be accepted from an applicant:

- A valid Duolingo Test with a minimum score of 115 points is required
- The applicant must have an active submitted application at the college
- The applicant must have received an email from admissions on or after Friday, February 14th, 2020 indicating that they are required to meet our English Language Proficiency (ELP) requirement

Note: This is a *provisional* measure being taken by Ashton College to accommodate applicants during these unprecedented times.
